**Olde Towne Medical & Dental Center Is Following Strict CDC Guidelines for treating patients during the pandemic**

---

Center as the receiving charity when you shop **Amazon**. How do you do that? Just go to **Amazon Smile** and look for Williamsburg Area Medical Assistance Corp. and list us as your preferred donation recipient. 5% of your purchases will come back to OTMDC! It's an easy way to give back to your community. For more information, visit [smile.amazon.com](http://smile.amazon.com)

Visit our website for more information on these items.

## OLDE TOWNE MEDICAL & DENTAL CENTER RECEIVES NATIONAL AWARD

It's the first and only ranking program for the nearly 4,500 rural health clinics in the nation and we are the only rural health clinic in Virginia to receive the award.

## *Spotlight On...*

### ***Michelle Bowman***

Meet Michelle - Our Clinical Assistant. She has been with Olde Towne for just under 2 years. Michelle has a dog named Dizzy (and loves that her name draws attention to the dog) and lived a number of years in the Outer Banks. Here at OTMDC, she focuses on registering patients, helping with insurance verification and answering phones as just a few of her duties. In other words, she is one of our First Impression Ambassadors -- she is one of the first people our patients interact with at Olde Towne. Michelle says, "whether it's helping a patient with a same day appointment for an important issue they're having or by getting an uninsured patient on the sliding scale, my favorite part about working at Olde Towne is helping people."

Olde Towne Medical & Dental Center thrives through the support we receive from the community. We thank you so much for your generosity. If you would like to help support our mission

***To assure access to quality health and wellness care to the residents and workforce of the greater Williamsburg community,***

Please click the donate button below.

**Click To  
Donate**

We also accept in-kind & legacy donations.  
For a list of needs or more information on setting up legacy or recurring donations, visit our website.

We now have some new state of the art equipment to help us better serve our patients, thanks to the generosity of our donors. We can provide patients with more advanced vision and hearing screenings, improved spirometry measurements

and better diagnostic ultrasound scans. These improved diagnostic tests can be provided without having to increase our patients' costs. This is another way Olde Towne Medical & Dental Center is helping to provide quality, cost-effective, preventive primary healthcare to greater Williamsburg.
